Improving Your Home Energy Efficiency

Galway Energy Co-operative is holding a free workshop to highlight the various grants and support schemes for carrying out home energy improvements as part of a community scheme.

The Co-op is a member of "Sustainable Energy Communities", a movement which is growing throughout Ireland and is supported by the Sustainable Energy Authority Ireland (SEAI).

Galway Energy Co-op was formed in 2018 to make the public aware of the options for cheaper and cleaner energy. Its long-term goal is to provide employment and to democratise the provision of energy in Galway while also working for a clean energy, carbon-free environment in our city.

In addition to improvements carried out through community schemes, the group will also highlight the paybacks from the standard domestic household grant scheme.

The workshop will take place at 7pm on Monday 26th November in Westside Resource Centre. For more information contact Kieran (086 8516484) or David (087 1242531)

Westside Craft Group

On August 20th, a group of ladies from St. Munchin's Community Centre in Limerick visited Westside Craft Group. This was a return visit as the Westside ladies had visited the Limerick ladies earlier in the year.

Each group exhibited some of their work and everybody went home full of new ideas. On the day there was plenty of singing and even some dancing. The Limerick ladies were in full voice as they had beaten Galway in the All Ireland Hurling final the day before.

It is hoped that the groups will meet up again soon - maybe even visiting each others' Christmas markets.
